John & Linda Wagner Wycliffe Bible Translators

The translation of the New Testament in the Chuka language of Kenya was recently completed. Hearing and reading God's word in their heart language has had a profound impact that doesn't come from relying solely on a secondary or majority language:

"People have received Christ because now we understand the word of God better. When they can look up scripture in their own native language, it's going to open up so many things." Having scripture directly in the Chuka language brings clarity and immediate understanding that other languages cannot replicate:

"So it will be easy for me to read and understand better the original meaning since I'm reading it from the Chuka, and that is what will transform us."

The Chuka New Testament is helping people experience God's love in new and powerful ways. We are blessed to have a part in Bible translation in the minority languages of Mexico.

John and Linda Wagner.
